DEPARTMENT OF CIVIL ENGINEERING

A Seminar on Career Opportunities and Growth in CRIP Sector

Date: 12-11-2025

Time: 10:30 AM to 11:30 PM

**Resource Person: Dr. Srihari Vedartham, Professor & Dean,
School of Energy and Clean Technology, NICMAR, Hyderabad**

Coordinators

Mr. Maruti, Assistant Professor, Civil Engineering Department

Mr. Prashanth Hugar, Assistant Professor, Civil Engineering
Department

Beneficiaries

B. Tech IVth Year Students
Department of Civil Engineering
JBIET, Hyderabad.

Objectives of the Seminar

- To introduce students to the **CRIP** [Construction, Real Estate, Infrastructure, and Project Management] sector, its scope, sub-domains, and current industry trends.
- To create awareness about various career pathways available in construction, real estate, infrastructure development, and project management.
- To highlight the required technical and managerial skills for building a successful career in the CRIP domain.

Outcomes of the Seminar

- Students are able to understand the CRIP sector, its structure, and growth potential in India and abroad.
- Students understood the essential skills and competencies required for employability in the construction and infrastructure industries.

HOD, DEPARTMENT OF CIVIL ENGINEERING
JBIET, YENKAPALLY(V), MOINABAD (M)
R.R. Dist, Hyderabad - 500 075

Resource Person Profile

Dr. Srihari Vedartham

Interim Dean (School of Energy & Clean Technology)
NICMAR University of Construction Studies, Hyderabad,
Telangana.

Dr. Srihari Vedartham, graduated in Civil Engineering from S V University, Tirupathi in the year 1991. He did his masters in Environmental Engineering in 1996 at Mysore University through GATE-94 and obtained his PhD through DST sponsored project in the area of wastewater treatment in the year 2008 from SASTRA University, Thanjavur.

He started his academic career as Lecturer at Shanmugha College of Engineering., Thanjavur from 1997. He worked more than 12 years at SASTRA university in Department of Civil Engineering till 2009 prior to his association with NICMAR.

Dr. Srihari was the Principal Investigator/co-investigator of various multi-disciplinary research projects in the area of water and wastewater treatment and bio-gas generation. During his 27 years of professional experience, he handled most of the civil engineering subjects at UG and PG level. He has published 35 papers in International journals, 23 in National journals, 25 in National/International Conferences/seminars and 4 Book chapters in different publications. He is reviewer of various Elsevier journals. He has undertaken various DST projects at different levels.

Dr Srihari served as Deputy Dean in NICMAR from 2010-2018 and has taken a responsibility of Controller of Examination, Admissions and academic activities. presently extending his service as Dean, School of Energy and Clean Technology. He was a keynote speaker to various international/national conferences and delivered more than 25 guest lectures at various universities and engineering colleges. He worked as Board of Studies (BOS) member with various universities and institutes while designing their curriculum.
