DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Report on

Expert Lecture on CloudDeployment Models

Introduction

An expert lecture on **Cloud Deployment Models** was organized on 16/06/2025 by the **Department of Computer Science and Engineering** as part of its academic enrichment activities. The session was delivered by **Dr. Shyam sunder Pabboju** Assistant Professor from MGIT Gandipet, Hyderabad, and he is an eminent professional with vast expertise in cloud technologies . The lecture aimed to provide students with insights into the fundamentals, applications, and emerging trends of cloud computing in the modern digital era.

•**Topic:** Cloud Deployment Models

•**Date:** 16/06/2025

•**Speaker:** **Dr. Shyam sunder Pabboju** Assistant Professor from MGIT Gandipet, Hyderabad

•**No of Participants:** 85 Students

Objectives of the Lecture

- To introduce the concept and architecture of cloud computing.
- To explain various service models: **IaaS, PaaS, SaaS**.
- To familiarize students with deployment models: **Public, Private, Hybrid, and Community Cloud**.
- To highlight real-world applications of cloud in industries like banking, healthcare, e-commerce, and education.
- To discuss security challenges, advantages, and future scope of cloud technology.

Highlights of the Session

1. **Introduction to Cloud Computing:** The resource person explained the evolution of computing from traditional client-server models to virtualization and cloud-based platforms.
2. **Service Models:** Detailed discussion on Infrastructure as a Service, Platform as a Service, and Software as a Service with practical examples such as AWS, Google Cloud, and Microsoft Azure.
3. **Deployment Models:** Comparative analysis of private, public, and hybrid clouds, emphasizing cost-effectiveness and scalability.
4. **Applications and Case Studies:** Real-world examples were shared where cloud technology revolutionized data storage, remote working, and enterprise solutions.
5. **Security and Challenges:** Key issues like data privacy, security risks, and compliance were addressed with suggested solutions and best practices.
6. **Interactive Session:** Students actively participated in a Q&A session, clarifying doubts about career opportunities in cloud computing, certifications, and future technological advancements.

Outcome of the Lecture

- Students gained a clear understanding of cloud computing concepts and their practical relevance.
- Enhanced awareness of industry-standard platforms and tools used in cloud services.
- Motivated students to pursue **cloud certifications (AWS, Azure, Google Cloud)** for career advancement.
- Broadened perspective on how cloud computing supports digital transformation in industries.

Conclusion

The guest lecture on **Cloud Computing** proved to be highly informative and engaging students to explore cloud technology in depth. The department expressed gratitude to **Dr.Syam sunder .P** for sharing valuable knowledge and to the organizers for making the session successful
