# J.B. INSTITUTE OF ENGINEERING & TECHNOLOGY

(UGC Autonomous)
DEPT. OF ELECTRONICS & COMMUNICATION ENGINEERING

#### CIRCULAR

Date: 01-09-2020

All the faculty members and students are informed that a workshop on "Electronic Circuits" will be conducted on 04-09-2020 (Saturday) at 11.00AM Sharp Venue: Seminar Hall.

Note: Circulate to faculties and students.

## Report of One day Workshop on Electronic Circuit Design dated 4.9.2020

Department of ECE JBIET in association with Microchip technology Organized Workshop on Electronic Circuit Design to enable the students to design their own circuits for a given application. The Resource person was Dr. A. K. Chakrabarty. The workshop was systematically designed so that the students can understand the basics well and can design their own circuits based on specific requirements. The following topics were covered

- · Training on Electronics Application Development
- · Circuit Designing
- Circuit Simulation & Analysis, hands-on / Practical session

This hands-on workshop improved their circuit design skills, Development of Specifications, Circuit designing concepts, Importance of Datasheet reference which will help them to develop their academic projects.

#### **CO-ORDINATORS**

- 1. MR. RAJKUMAR D BHURE Assoc. Professor, ECE
- 2. MR. N. RAMESH BABU Assoc. Professor, ECE
- 3. MRS. K. SNEHALATHA Assoc. Professor, ECE

#### **ORGANIZING COMMITTE**

#### **FACULTY**

- 1. Mr.SYED MD.ALI Assoc. Professor, ECE
- 2. Mr. VVVS.PRASAD Assoc. Professor, ECE
- 3. Mr. R. CHENNAKESHAVLU Assoc. Professor, ECE

#### CHIEF PATRONS

Shri. J. V. Krishna Rao,
 Honourable Secretary,
 J. B. Educational Society.

#### **PATRONS**

- 1. Dr.V.V.RAO,CEO, JBGEI.
- 2. Dr.P.V.S.SRINIVAS, Principal, JBIET.

<u>ORGANIZER</u>

**Dr.TOWHEED SULTANA** 

Organized by

Department of Electronics and Communication Engineering in Association with Microchip Technology, Hyderabad.

ONE DAY WORKSHOP
ON
Electronic Circuit
Design
ON
04-09-2020

KEY NOTE SPEAKER
Dr. A. K. CHAKRABARTY

#### **About JBIET**

Spread across huge green and clean cinematic campus, The J.B. Institute of Engineering and Technology is a UGC Autonomous Institute accredited by NAAC, approved by AICTE & permanently Affiliated JNTU. bv Hyderabad.JBIET is one among the best 10 Engineering Colleges of the Telangana State, India, continues to strive to impart technical and professional education of very high standards. The institute is also the most preferred institution for aspiring students and their parents and has earned itself the reputation of being a centre of academic excellence in many ways over the years.

The Placement record of JBIET over the years is a proof of our right efforts in enabling the best in the class engineering, technical and professional education to aspirants.

# ABOUT THE DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

The Department of ECE is best known for its talented and dedicated professionals renowned for their excellence in various specializations in the field of Electronics & Communication Engineering. The Department is provided with state of the art technological tools incorporated in all the existing laboratories. For the last ten years, the students of ECE, who walked out of

the portals of the institute successfully, holding their degrees, were immediately inducted into the MNCs of high reputation in India & abroad. The intake of B.Tech Program is 120 and of M.Tech program in VLSI System Design is 24. Department of ECE is having professional societies like IEEE

#### ABOUT WORKSHOP

Circuit Design Workshop will enable you to design own circuits for a given application. This hands-on workshop improves your circuit design skills.

Circuit Design is an inevitable part of any electronics engineering. It has huge application in areas like embedded systems, power electronics, modern Electrical systems, instruments etc.

Engineers in fields such as electronic, electrical systems and instrumentation should learn Electronics Circuit Design and Development for their works to complete. So learning this during the graduation course will be beneficial for the career of students and even help them to develop their academic projects.

Our Circuit Design workshop is systematically designed so that the students can understand the basics well and can design their own circuits based on specific requirements. During the course of the workshop the participants will get insights into Development of Specifications, Circuit designing concepts, Importance of Datasheet reference, Circuit simulation and analysis, prototyping, soldering and debugging the circuits. Proposed Programme Highlights

- Training on Electronics Application Development
- Training will be hands-on / Practical sessions
- Free Electronics Beginner Kit\*
- Circuit Designing
- Circuit Simulation & Analysis
- Prototyping & Soldering
- Circuit Testing & Debugging
- Converting Ideas in to Specifications

#### PROGRAM DETAILS:

Schedule	DAY 1	
9:30-10:30	Inauguration and dignitaries speech	
10:30-2:30	Introduction to Circuit Designing Circuit Simulation & Analysis	
1.30-03.30	Prototyping & Soldering, Circuit Testing & Debugging	
3.30-04.00	Valedictory and Feedback
