Resource Person

Mrs. Kiran Pakmode

Assistant Professor, ECM, JBIET

and

Research Scholar, Jadavpur University, Kolkata

Date: 19-11-2025

Details of the event:

Research talks on “Literature Review in Research” was organized by the department of Electronics and Computer Engineering under Electronics and Computer Technical Association (ECMTA) on 19th November 2025 for faculty members of the department. The resource person was Mrs. Kiran Pakmode, Assistant Professor, ECM, JBIET and Research Scholar, Jadavpur University, Kolkata.

Objective:

1. To provide guidance to the researchers on how to conduct and write literature reviews effectively.
2. To focus on the purpose, process, and best practices for conducting and presenting literature reviews in academic work.
3. To foster a sense of community among researchers.

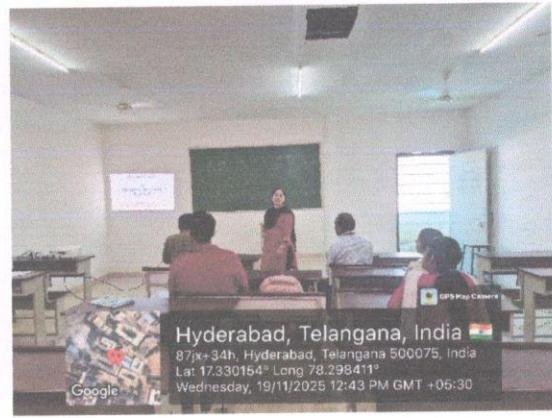

Topics covered:

1. What is the role of a literature review in research
2. Importance of a Literature
3. Types of Literature Reviews
4. Sources of literature for a review
5. Importance of evaluating the quality of sources in a literature review
6. How do you organize a literature review?

Outcomes:

1. The participants gained improved understanding of the literature review process, enhanced critical thinking and analytical skills, and a deeper appreciation for the role of literature reviews in research.
2. Participants often learn to identify gaps in the existing literature, develop research questions, and synthesize findings to support their own research.
3. This talk also fosters a sense of community among researchers, providing a platform to share insights and collaborate on future studies.
