Academic Year: 2025-26

**Report on Technical Quiz Competition "CODE N QUIZ"
Under ECMTA**

Details of the event:

Department of Electronics and Computer Engineering organised technical quiz competition "CODE N QUIZ" on 21st November 2025 under Electronics and Computer Technical Association (ECMTA).

Objective:

1. To motivate students to go beyond textual comprehension and relate theory to real-world applications of their studies.
2. To test programming logic, data structures and problem- solving ability of the students.
3. To get a broad or specialized understanding of a subject.
4. To enhance general comprehension and encourage fun learning strategies.

Participation and quiz details:

1. A total of 17 teams participated in the competition. Each team consisted of 2 students.
2. The competition was based on the programming languages C, Data Structures and JAVA.
3. The quiz was conducted through 2 rounds - Round 1: Boot the brain and Round 2: Execute the code.
4. Round 1 consisted a total of 20 questions based on the basics of the above stated subjects. Round 2 consisted a total of 15 questions to test the coding skills of the participants.
5. The winners were announced based on the total marks scored in both the rounds.
6. Two teams were announced as 1st and 2nd winners.
7. The winning teams were awarded by Dr. Narsappa Reddy, Head of the Department. During this function all the faculty members and students of the department were present.

Outcomes:

1. This quiz competition encouraged students to engage with material, promoting critical thinking and problem-solving skills.
2. It helped students to identify their strengths and weaknesses, leading to better study habits and performance.
3. It involved teams, promoting collaboration and teamwork among students.
