DATE: 11 – 04 – 2025

CIRCULAR

This is to inform all **III Year students** that the Department of **Information Technology** is organizing an Expert Lecture on “**Empowering Rural India – Role and Responsibility of the Students**” on 19-04-2025 (Saturday). The Expert Lecture will be conducted in **Room Number-228** from 10:00 am– 12:00 noon.

Dr. Nageswara Rao, Chairman and Correspondent of Gayathri Group of Educational Institutions, will be the resource person for the said Expert Lecture, and is aimed at creating awareness of empowering Rural India among students.

All Students are requested to attend and make the event a grand success.

PREAMBLE

India's true strength lies in its villages, where over 60% of the population resides. Despite rapid urban development and technological progress, rural India continues to face significant challenges—limited access to quality education, healthcare, employment opportunities, and digital infrastructure. Bridging this gap is not just a developmental goal; it is a moral imperative for inclusive national growth.

In this context, students—who represent the voice, energy, and future of the nation—hold a unique position. They are not only the beneficiaries of progress but also potential change-makers who can contribute meaningfully to the transformation of rural India. With their knowledge, creativity, and sense of social responsibility, students can play a catalytic role in empowering rural communities.

This program/session seeks to reflect on the role and responsibility of students in uplifting rural India. It encourages youth to move beyond classrooms and engage actively with grassroots realities—whether through education initiatives, awareness campaigns, technology-driven solutions, or sustainable development efforts. Empowering rural India is not the job of the government alone; it is a shared responsibility that begins with awareness and is realized through action.

A Glimpse of the Event

“Empowering Rural India – Role and Responsibility of the Students” is an interactive and thought-provoking event aimed at igniting a sense of purpose, responsibility, and action among today's youth. As future leaders, innovators, and citizens, students have the potential to bring meaningful change to the rural heart of India — where challenges are real, but so are the opportunities.

This event explores how students can contribute to rural empowerment through education, technology, healthcare, entrepreneurship, and environmental sustainability. It will feature:

- Inspiring talks by educators, social workers, and youth leaders.
- Real-life stories of student-led rural initiatives and success stories from the ground.
- Interactive discussions and idea-sharing to brainstorm actionable solutions.
- Workshops and activities designed to build awareness and planning for community engagement.

Participants will leave with a deeper understanding of rural India's needs and a renewed sense of their own ability to make a difference — not in the distant future, but starting today.

GUEST LECTURE ON

"EMPOWERING RURAL INDIA – ROLE AND RESPONSIBILITY OF THE STUDENTS"

19TH APRIL 2025, 9:30 AM TO 12:20 PM

Dr. Nageswara Rao

Chairman and Correspondent
of

Gayathri Group of Educational
Institutions.

Resource Person Profile

Dr. Nageswara Rao is a distinguished academician and visionary educationist serving as the Chairman and Correspondent of the Gayathri Group of Educational Institutions. With a profound commitment to educational excellence and rural empowerment, Dr. Rao has played a pivotal role in establishing and nurturing institutions that provide quality education across various disciplines. Backed by a strong academic foundation, including a Ph.D. and decades of experience in academic administration, he has been instrumental in introducing innovative teaching methodologies, fostering industry-academia collaborations, and promoting inclusive education for underprivileged and rural students. Under his dynamic leadership, the Gayathri Group has expanded its footprint in higher education, focusing on holistic student development, faculty advancement, and community engagement. A firm believer in discipline, ethics, and value-based learning, Dr. Nageswara Rao continues to inspire students and educators alike with his unwavering dedication to shaping future-ready citizens for the nation.

Event Outcome

The event “Empowering Rural India – Role and Responsibility of the Students” successfully instilled awareness, responsibility, and motivation among students to actively contribute to the development of rural India. By the end of the session, participants were able to:

Understand the Ground Realities of Rural India

- Gained insights into the socio-economic challenges faced by rural communities, including issues related to education, healthcare, employment, sanitation, and digital access.

Recognize the Role of Youth in Nation-Building

- Realized the critical role students can play as change-makers by bridging the gap between urban and rural development through innovation, service, and social responsibility.

Develop a Sense of Civic and Social Responsibility

- Cultivated a deeper sense of empathy and commitment toward uplifting the underprivileged, particularly through grassroots engagement and volunteerism.

Identify Practical Areas of Contribution

- Explored various domains where students can contribute — such as organizing literacy drives, health awareness campaigns, digital literacy programs, environmental initiatives, and career guidance in villages.

Enhance Leadership and Community Engagement Skills

- Participated in discussions and workshops that encouraged teamwork, communication, and planning skills aimed at real-world impact.
