8. Summary:

Vigyan Vaibhav 2.0 – 2026 was a prestigious science and technology event organized as part of the ISRO Space Tutor initiative. The programme aimed to promote scientific temper, innovation, and awareness about space science and emerging technologies among students. The event was conducted in collaboration with ISRO under the Space Tutor framework to inspire young minds towards research, space exploration, and technological advancements.

9. Objectives of the Event:

- To create awareness about India's achievements in space technology.
- To encourage students to pursue careers in space research and advanced engineering fields.
- To provide direct interaction with ISRO scientists and experts.
- To showcase innovations and research opportunities in aerospace, satellite systems, and space missions.
- To enhance scientific curiosity and problem-solving skills among students.

10. Learning Outcomes:

- Enhanced understanding of space missions and satellite technology.
- Increased awareness of career opportunities in ISRO and the space sector.
- Motivation to participate in research, innovation, and competitive examinations.
- Improved scientific outlook and technical knowledge.

11. About ISRO:

The **Indian Space Research Organisation (ISRO)** is India's national space agency, known for its remarkable achievements in satellite launches, planetary exploration, and space research missions. ISRO has significantly contributed to scientific advancements, communication systems, navigation, meteorology, and national development.

Through initiatives like the Space Tutor programme, ISRO aims to bridge the gap between academic learning and real-time space applications.

12. Highlights of Vigyan Vaibhav 2.0 – 2026:

- 1. Space Technology Awareness Sessions:**
Experts shared insights into satellite design, launch vehicles, and deep space missions.
- 2. Interactive Sessions with Scientists:**
Students interacted with ISRO professionals and clarified queries related to research and career opportunities.
- 3. Exhibition & Demonstrations:**
Models of rockets, satellites, and space systems were showcased.
- 4. Emerging Technologies in Space:**
Topics such as reusable launch vehicles, cryogenic engines, remote sensing, and planetary exploration were discussed.
- 5. Innovation & Research Guidance:**
Guidance was provided on internships, research projects, and higher studies in aerospace and space engineering.

13. Conclusion:

Vigyan Vaibhav 2.0 – 2026, held at Gachibowli Indoor Stadium, Hyderabad, was a grand and impactful event under the ISRO Space Tutor initiative. The programme effectively connected academic learning with national-level space research and innovation. The event inspired students to aim for excellence in science, technology, and research, contributing towards India's vision of becoming a global leader in space exploration.
