

## REPORT ON EVM AWARENESS PROGRAM AT JBIET

**DATE: 29 AUGUST 2023**

**LOCATION :- JBIET,MOINABAD.**

**TOTAL PARTICIPANTS :- 30.**

**Introduction:** On August 29, an Electronic Voting Machine (EVM) Awareness Program was conducted at J.B. Institute of Engineering and Technology (JBIET) to educate students and faculty members about the functioning and significance of Electronic Voting Machines in the electoral process.

**Program Highlights:**

1. **Inauguration and Introduction:** The program commenced with an inauguration ceremony, graced by distinguished guests from the electoral commission. The guests provided an overview of the importance of EVMs in upholding the democratic process.
2. **Technical Session:** A technical session was conducted to delve into the intricacies of Electronic Voting Machines. The session covered topics such as the hardware and software components of EVMs, security measures, and the rigorous testing procedures they undergo before being deployed for elections.
3. **Live Demonstration:** A live demonstration of an EVM was conducted to give participants a hands-on experience. Students and faculty members had the opportunity to interact with the machine, understand the voting process, and learn about the steps involved in casting a vote electronically.
4. **Security Measures and Controversies:** A detailed discussion on the security measures implemented in EVMs was conducted. The session also addressed common controversies and concerns related to the use of EVMs, providing a balanced perspective on the subject.
5. **Question and Answer Session:** An interactive question and answer session allowed participants to seek clarifications on any doubts or concerns they had regarding Electronic Voting Machines. This fostered an open dialogue and further enriched the learning experience.
6. **Closing Remarks:** The program concluded with closing remarks expressing gratitude to the guests, speakers, and participants for their active involvement. Attendees were encouraged to share their newfound knowledge with others and promote awareness in their respective communities.

**Conclusion:** The EVM Awareness Program at JBIET on August 29 successfully achieved its objective of disseminating information about Electronic Voting Machines. Participants gained a comprehensive understanding of the technology and its role in ensuring free and fair elections.
