

REPORT ON ASK ME ANYTHING

A Discussion between Students and Faculty

07th JANUARY 2023

On 07th January 2023, a discussion (ASK ME ANYTHING) was held between students and faculty members at J.B. Institute of Engineering and Technology. The participants of the event were second-year students of Electronics and Computer Engineering. The Chief Guests for the event were Major General Prof. Dr. S. S. Dasaka, SM, VSM (Retd.), CEO, J.B. Group of Educational Institutions, Dr. Niraj Upadhyaya, Professor and Dean of Computer Science Engineering, Dr. J. Kartigeyan, Dean Student Affairs, and Dr. Narsappa Reddy, Head of Electronics and Computer Engineering. Mrs. Kiran Pakmode was the coordinator of the event.

During the discussion, students raised questions on various topics related to engineering and their course of study. They asked about the definition of engineering and its practical applications. They also asked about the importance of internships in their field of study and the reasons for choosing Electronics and Computer Engineering as their major and many more.

The Chief Guests and teaching staff provided insightful answers to the questions raised by the students. They emphasized the importance of internships in providing practical experience and helping students apply their theoretical knowledge in real-world scenarios. They also explained the significance of Electronics and Computer Engineering in today's technology-driven world and the numerous career opportunities available in this field.

In conclusion, the "Ask Me Anything" session provided students with an opportunity to interact with their faculty members and learn about their field of study in a more engaging and interactive manner. The discussion was beneficial in addressing the students' queries and fostering a sense of community among them.
