

REPORT ON A BOOK REVIEW

“LEARNING HOW TO FLY (LIFE LESSONS FOR THE YOUTH)”

31st DECEMBER 2022

A book review session was held on 31st December 2022 at J.B. Institute of Engineering and Technology for the book "Learning How to Fly (Life lessons for the youth)" written by Former India President Dr. A. P. J. Abdul Kalam. The chief guests for the session were Dr. J. Kartigeyan, Dean Student Affairs and Mr. S. Sathish Kumar, In-charge head, Artificial Intelligence and Machine Learning. The session was coordinated by Mr. S. Maruthi, Asst. Prof., Department of Civil Engineering and Mrs. K. Shilpa, Asst. Prof., Department of Electronics and Communication Engineering.

The book was reviewed by Ms. Shada Manogna, a second year student from the Department of Artificial Intelligence and Machine Learning. She gave a comprehensive review of the book and highlighted the key takeaways and lessons that she learned from it. She spoke about the author's vision of empowering the youth and how the book provides practical and relevant advice for achieving personal and professional goals.

The chief guests also shared their thoughts on the book and commended the author's efforts in imparting valuable lessons to the youth. They emphasized the importance of following one's passion and persevering towards one's goals. He encouraged the students to take advantage of such sessions and to engage in meaningful discussions.

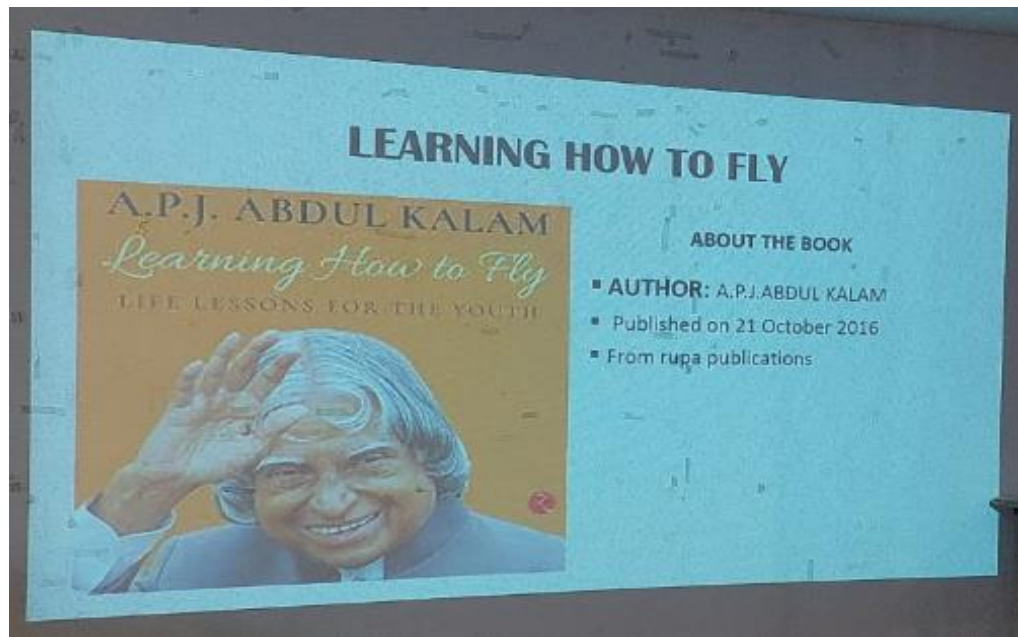

The coordinators, Mr. Maruthi and Mrs. Shilpa, spoke about the significance of such book review sessions and how they provide opportunities for students to reflect on their personal and professional aspirations.

The session was well-received by the attendees and provided a platform for students to share their thoughts on the book and gain insights from the chief guests. The book review session was a great opportunity for the students to reflect on their personal and professional aspirations and learn from the experiences and advice shared in the book.

Overall, the book review session was a success and provided valuable lessons to the students. The book "Learning How to Fly (Life lessons for the youth)" is a must-read for anyone looking to gain insights into personal growth and success.
