

REPORT ON TREE PLANTATION DRIVE 28th JULY 2021

“Just living is not enough, one must have sunshine, freedom, and a little flower.” – Hans Christian Andersen.

Nature is God’s most beautiful creation. It felicitates the growth, development and nourishment of all its creatures. Under the NSS unit initiative, a **“Tree Plantation Drive - Telangana Ku Haritha Haram”** was organized in J.B.Institute of Engineering and Technology on Friday, 28th July 2021. The campaign’s main aim was to direct student’s mind in constructive activities with the positive outcome through the facilitation of contributing to the society.

The students brought various saplings. The students participated in the drive enthusiastically and helped each other in planting the saplings. All the saplings were planted in the college ground by principal, teaching and non-teaching staff and students. The students along with the teachers also took an oath to look after the planted saplings, plant more and more trees and encourage others to do the same. Some of the students also shared their experiences and shared their joy with others.

Such little steps taken together by the college and students will surely help in fostering strong mental and social health amongst today’s youths so that they connect with their peers, their elders, their community and their environment.
