**Shri J V Krishna Rao**
Secretary
JB Educational Society

Let me take this opportunity to wish all in the prestigious JB Group the very best for their future endeavors. We are all aware of the important role played by the private institutions in the field of education. Our college is one of the fore runners in providing innovative and quality education. We have obtained the autonomy status and used it to introduce path breaking practices in the curriculum and examination areas. We are striving to achieve deemed university status. For this, our aim is to bring multitalented and multifaceted managerial personal to serve the nation in the future. Our aim is to make education activity based, by giving more opportunities in, hands on experience to the students'. I am happy to say that large number of students are being selected by companies of great repute like Infosys, HCL, Syntel. I once again stress on our aim to become a premier techno managerial integrated campus along with becoming a deemed university. Let me conclude by once again wishing all the very best in your efforts to make JB Group a premier institution.

**Dr. Niraj Upadhayaya**
Principal, JBIET

On behalf of the J.B.I.E.T community, I take this opportunity to welcome all of you. I extend a particularly warm welcome to those attending J.B.I.E.T for the first time. It is a daunting experience to start at any new place. But, change is the only constant thing in this world. The old order paves way to the new. I am glad to hear that the new entrants are doing an excellent job of settling down .we must work together as a team to achieve our goals. Setting an example in the community both academically and ethically should be our motto. I am glad to know that many of you are accepted into branches of your choice. Though there were initial hiccups last year, I am proud to say that students succeeded with high percentage in placements. Let me take this opportunity to congratulate them. Hope this acts as an impetus to reach Greater heights. My vision of focusing on research and development based approach will surely help us to reach the pinnacle of success.
