NEWS LETTER

Volume 3, Issue 1 - December 2017

Designed By Mankala Nithish Kumar

Shri J V Krishna Rao
Secretary
JB Educational Society

Let me take this opportunity to wish all in the prestigious JB Group the very best for their future endeavours. We are all aware of the important role played by the private institutions in the field of education. Our college is one of the fore runners in providing innovative and quality education. We have obtained the autonomy status and used it to introduce path breaking practices in the curriculum and examination areas. We are striving to achieve deemed university status. For this, our aim is to bring multitalented and multifaceted managerial personal to serve the nation in the future. Our aim is to make education activity based, by giving more opportunities in, hands on experience to the students'. I am happy to say that large number of students are being selected by companies of great repute like Infosys, HCL, Syntel. I once again stress on our aim to become a premier techno managerial integrated campus along with becoming a deemed university. Let me conclude by once again wishing all the very best in your efforts to make JB Group a premier institution.

Dr. PVS Srinivas
Principal, JBIET

Let me take this opportunity in warmly congratulating the students who have successfully completed their Engineering degree this year. I want you to follow the successful footsteps of your predecessors. Though the task is daunting, all must go through the unknown path to succeed in life. It is not enough to have only ambition; one must have ethics and values in order to last long in their respective fields. I wish that the entire fresher's will put in their best efforts in order to bring laurels to their Alma Mater and their parents. Last but not the least; let me take this opportunity in advising the students that learning must never stop. To earn and learn must be your motto. It only needs right attitude and not opportunity. Let me once again take this opportunity to wish everyone the very best in life.
