Messages

Let me take this opportunity to wish all in the prestigious JB Group the very best for their future endeavors are all aware of the important role played by the private institutions in the field of education. Our college is one of the fore runners in providing innovative and quality education. We have obtained the autonomy status and used it to introduce path breaking practices in the curriculum and examination areas. We are striving to achieve deemed university status. For this, our aim is to bring multitalented and multifaceted managerial personal to serve the nation in the future. Our aim is to make education activity based, by giving more opportunities in, hands on experience to the students'. I am happy to say that large number of students are being selected by companies of great repute like Infosys,HCL,Syntel.I once again stress on our aim to become a premier techno managerial integrated campus along with becoming a deemed university. Let me conclude by once again wishing all the very best in their efforts to make JB Group a premier institution.

-J.V.Krishna Rao, Secretary, JB Group of Educational Society

JB IET has been one of the best engineering colleges in the two states of Telangana And Andhra Pradesh. It has been striving hard to not only maintain its standards but also to continuously improve them, so as to benefit the students in particular and the society at large. The college boasts of well qualified faculty who have rich experience in academics, industry and research. They are backed up by experts from the industry. The curriculum is regularly revised to keep pace with the industry requirements, so that the students pass out as industry-ready graduates. The institute has excellent infrastructure, laboratories and workshops. The calm and quiet environment in the lush green campus, away from the hustle-bustle of the city, provides a tranquil environment, so conducive to quality Teaching –learning.

We lay special attention on co-curricular and extra - curricular activities and also put the students through “Life Skills and Employability Skills Training” right from the first semester itself. The Group’s JB Institute of Inventors Association of India (JBIIAI) provides intellectual support, logistics support and financial support, right th from the concept or idea stage till the marketing stage

-Dr.S S Dasaka, CEO, JB Group of Educational Society

JBIET is having its Strength in its Faculty and Infrastructure of Laboratories. We are constantly striving to transform the students' aspirations into Reality. We enable this with dedication and commitment to imparting the right education and creating the most conducive environment for learning, research, innovation, and growth. Over the years, we have ensured many a dream has come true for both student, and parent; with our keen focus on career oriented education. We continue to strive towards our goals with purpose as Education is a never ending mission in these increasingly competitive times.

-Dr.S.Sudhakara Reddy, Principal, JBIET.

Graduation Day 2019

J.B. Institute of Engineering & Technology located at Yenkapally, Moinabad celebrated its 8th Graduation day on 27th July, 2019 at their lush green campus spread over 106 acres near Moinabad. Dr. N. Yadaiah, Registrar JNTUH Hyderabad and Mr. Bala Prasad, Principal consultant and Head Digital Initiative, TCS Hyderabad graced the occasion as Chief Guest and Guest of Honour respectively. The event was presided over by Prof. Kolakaluri Enoch Chairman BOG, JBIET, Padamasri awardee and former Vice chancellor S.V University, Sri J.V. Krishna Rao Secretary, J.B Educational Society, Maj. Gen. Dr. S.S. Dasaka (Retd) CEO, Dr. Niraj Upadhyaya Principal, Deans and Chairpersons of Boards of Studies.

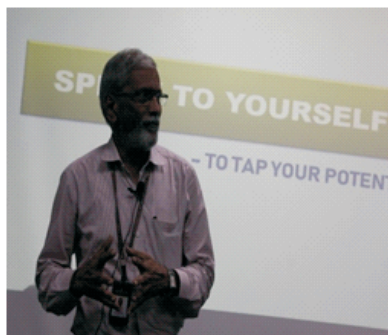

Addressing the passing out graduates, Secretary JBES said that for someone to be successful in life he/she should possess seven qualities such as Relationship & Networking, Problem Solving, Communication, Leadership, Out of Box Thinking, Perseverance and Self-Belief. He wished all the graduates a very successful career. He congratulated all the toppers for their outstanding performance in their academics. Speaking on this occasion, the Chief Guest Prof. N. Yadaiah said that the world has entered into the era of data; the fast growing and proliferation of new technologies have not also opened doors for new opportunities but also throwing new challenges. There is a growing competition in every field, students should be equipped to meet the challenges and develop a habit of lifelong learning to keep themselves abreast. He concluded by saying that it is important to remember the roots, to respect their parents and seeking their blessing all of which will take them a long way. Speaking on the occasion, the Guest of honour advised the graduates to develop a passion towards the careers they opt and added that it is imperative to know the process and procedure of the organizations where they are working.

Communication will play a vital role in scaling up the ladder. In his message to the students, the Chairman BOG advised the students to become entrepreneurs rather than job seekers and to try to be competent to face the challenges ahead and emerge as champions and achieve success in life and bring laurels to their parents and institution. The Toppers were presented with Gold & Silver medals and with merit certificates by the dignitaries. Around 600 B.Tech, M.Tech, MBA and MCA graduates postgraduates along with their parents attended the Graduation Day function.

Inspire'19

On July 31st The Inspire'19 event was conducted by the Orators' Club. It was a speak up Conference about delivering and inspiring speech to students for students to get inspired to achieve their goals. The speak up conference was open to all students and 100 students attended this event. The speakers motivated the students by telling their own stories. Ms. Renuka spoke about self-motivation and importance of hard work. Mr. Rajesh Pershad inspired many students through his speech on the importance of goal setting. He also made his session more interesting with his fun activities. Dr. Towheed Sultana gave a talk on Higher Education. Mrs. Ayesha enlightened the students by stressing about sustainability in this competition world.

Mr. Gurulingam spoke about how to overcome fear. Mrs. Snehalatha motivated students not to give up when failure comes rather strive to work hard and learn from failure to get success in life.
